FAQ

DANCE & EXPERIENCE

I've never danced before. Is this for me?

Absolutely! This event is designed for beginners. We break everything down step-by-step, so you'll feel comfortable and confident from the start.

How long will it take to learn?

In just one day, you'll pick up the most popular beginner-friendly dances and techniques so you can feel ready to dance along at any event or festival.

What kind of music will we dance to?

We'll be grooving to a mix of classic and modern country hits—songs you'll likely hear at concerts, festivals, and country bars!

Do I need a partner?

Nope! Line dancing is all about dancing together as a group, so you can come solo or bring a friend! Our partner dance classes always have options to rotate partners so everyone gets a chance to learn!

What if I have two left feet?

No worries at all! This event is all about fun, not perfection. We keep the steps simple and easy to follow.

Is there a virtual option?

Yes! If you can't make it in person, check out our virtual learning program, KickStart Your Country Dancing 101 (coming soon) to learn the same dances and techniques from home at your own pace.
